

Have you suffered from
a **traumatic brain injury** in
the **past 12 months?**

If you feel like you are having problems with your recovery, you are invited to take part in this study looking at whether a natural herbal supplement can help improve people's thinking and problem solving abilities and quality of life after a brain injury.

If you live in the Auckland or Waikato regions and think you meet the following criteria, please give us a call:

- ✓ You are between 18 and 65 years of age
- ✓ You have had a mild or severe trauma to the head in the past 1-12 months
- ✓ You have had difficulties with your memory and your ability to process information

If you would like to find out more about the study please contact the study manager,

Rohit Bhattacharjee on

09 921 9999 extn. 7126 or via email rbhattac@aut.ac.nz
